

PROGRAM

THURSDAY, 10 AUGUST 2017

0800 – 1700	Registration Open		Garden Terrace Gallery	
0800 – 1700	Exhibition		Garden Terrace Gallery and Garden Terrace	
0900 – 1030	Plenary Session 1 Chairs – Kim Parrey and Alanah Bailey		Ballroom	
0900 – 0905	Welcome and Introductions			
0905 – 0915	Deputy Director-General, Clinical Excellence Division, Department of Health Dr John Wakefield			
0915 – 0945	Endovascular treatment of acute ischaemic stroke – Mechanical thrombectomy for major vessel occlusion Dr Hal Rice			
0945 – 1030	Behaviour change in the implementation of upper limb exercise in stroke Dr Louise Connell			
1030 – 1100	Morning Tea		Garden Terrace Gallery and Garden Terrace	
Concurrent Session 1				
1100 – 1230	Stream 1 POST STROKE VERTIGO WORKSHOP Chairs: Kim Hoffman & Mel Godfrey Wairarapa Room	Stream 2 IMPLEMENTING EVIDENCE BASED PRACTICE Chairs: Katherine Mohr & Mark Longworth Verandah Room	Stream 3 DYSPHAGIA/APHASIA Chairs: Alexis McMahon & Kaia Leo Hinterland Room	Stream 4 NEW IDEAS AND INNOVATIONS Chairs: Claire O'Connor & Fiona Ryan Elston Room
1100 – 1115		Key changes in the Clinical Guidelines for Stroke Management 2017 recommendations Justine Watkins	From 5 to 200 in 6 months. The roll out of sustainable dysphagia screening in the Townsville Health and Hospital Service Claire Hession	Addressing the recruitment barrier – The establishment of the Hunter Stroke Research Volunteer Register (HSRVR) Gillian Mason
1115 – 1130		Research gaps identified in the Clinical Guidelines update: So where to from here? Justine Watkins	Audits of pre-packaged thickened fluids for stroke patients at Logan Hospital using the Bostwick Consistometer Jane Ross	Moving to the music: Group exercise class incorporating functional movements with music therapy focusing on amplitude and temporal aspects of motor control in functional tasks Tanya Silveira & Hilary Cox
1130 – 1145	Understanding the dizzy stroke patient. Assessment options and treatment strategies for the health professional Katrina Williams	Are we providing patients with the best achievable care? Update from the Australian Stroke Clinical Registry Dominique Cadilhac	Swallow screening in acute stroke care: Quality improvement interventions plus change resistance does not equal improved swallow screening rates Sarah Kuhle	An inpatient rehabilitation enriched environment for stroke patients Sian Knight
1145 – 1200		Evaluation of a clinician lead implementation of clinical guidelines for stroke management with a private health service Suzy Goodman	Implementing cough reflex testing in a clinical pathway for acute stroke: A pragmatic randomised controlled trial Makaela Field	The efficacy of repeated botulinum toxin treatment cycles in the management of spasticity post stroke: A systematic review Catherine Cave
1200 – 1215		Do Australian and UK nurses have different roles in thrombolysis administration and does this impact on tPA rates? Helen Hamilton	Closing the Evidence-Practice Gap: Developing and piloting a behaviour change intervention in post-stroke aphasia management Kirstine Shrubsole	A randomised control trial investigating the efficacy of interactive, motion capture-based rehabilitation in an inpatient stroke population Anna Tyson
1215 – 1230			Treatment for people with chronic aphasia: Investigation of high and low intensity, constraint and multimodal treatments John Pierce	
1230 – 1315	Lunch & Posters		Garden Terrace Gallery and Garden Terrace	

Concurrent Session 2				
	Stream 1 WORKSHOP – LETS TOAST	Stream 2 RESEARCH INTO PRACTICE WORKSHOP	Stream 3 MULTIDISCIPLINARY TEAM MANAGEMENT	Stream 4 EDUCATION AND TECHNOLOGY
1315 – 1445	Chairs: Donna Jay & Sandy Middleton <i>Waianbāh Room</i>	Chairs: Kelly Andersen & Simeon Dale <i>Verandah Room</i>	Chairs: Melissa Gill & Jaclyn Birnie <i>Hinterland Room</i>	Chairs: Mark Longworth & Brett Jones <i>Elston Room</i>
1315 – 1330			Opportunities for improvement in care plan provision following acute stroke: Multilevel analyses from the National Stroke Audit (Acute Services) Steven McPhail	Teleneuropsychology in stroke rehabilitation: A pilot project Lauren Arthurson
1330 – 1345			Stroke co-ordinator workloads: Does incentive funding payment distribution assist stroke unit staffing requirements? Sarah Kuhle	Conversations between people with aphasia and speech pathology students via telehealth: Exploring student perceptions on their clinical learning Emma Finch
1345 – 1400	Let's TOAST! Classification of pathogenic mechanism for acute ischemic stroke Anne Alexandrov & Skye Coote	Implementation of best practice/ research in the workplace Elizabeth Lynch	Volunteers: A useful addition to subacute inpatient stroke rehabilitation Natasha Selenitsch	Acceptability and effectiveness of asynchronous telerehabilitation in chronic aphasia Annie Hill
1400 – 1415			Do stroke coordinators influence the delivery of acute care and hospital based patient outcomes? Tara Purvis	You can change your brain: An audiovisual resource on Neuroplasticity for patients and carers Jane Schilling
1415 – 1430			Effect of Post- Acute Nurse Led Stroke clinic (PASC) on readmissions rates for TIA/Stroke Angela Firtko	Enabling better life outcomes for stroke survivors: An interdisciplinary eLearning package for allied health clinicians Susan Black
1430 – 1445			The effectiveness of a student-led outpatient rehabilitation clinic in a hospital setting Andrew Grady	What role did MAGICapp and GRADE play in the Clinical Guidelines for Stroke Management 2017? Justine Watkins
1445 – 1515	Afternoon Tea			<i>Garden Terrace Gallery and Garden Terrace</i>
1515 – 1630	SMART STROKES CONFERENCE AWARDS SESSION <i>Chairs – Melissa Gill & Kelly Andersen</i>			<i>Ballroom</i>
1515 – 1530	BEST RESEARCH ABSTRACT AWARD: The effect of moderate-intensity cardiovascular training on fitness, walking, mood & quality of life (QoL) following stroke: A pilot randomised trial Hanna Reynolds			
1530 – 1545	BEST ACUTE NURSING AWARD: Out of hours effect on emergency department presentation times for acute stroke patients Danny Kinsella			
1545 – 1600	MARK LONGWORTH INNOVATION AWARD: Missing voices: Aboriginal stories of stroke and traumatic brain injury Elizabeth Armstrong			
1600 – 1615	BEST NEW INVESTIGATOR AWARD: Does adding rt-PA non-license inclusion and exclusion criteria reduce thrombolysis rates? Findings in Australia, the United Kingdom and the United States of America Louise Craig (presented by Anne Alexandrov)			
1615 – 1630	BEST IMPLEMENTATION OF EVIDENCE BASED CARE ABSTRACT: Barriers and enablers to increasing the amount of practice completed by stroke survivors during inpatient rehabilitation Claire Stewart			
1630 – 1730	Plenary Session 2 <i>Chairs – Melissa Gill & Kelly Andersen</i>			<i>Ballroom</i>
1630 – 1730	Testing neurobiological predictors and principles of aphasia recovery David Copland			
1900 – 2300	Gala Dinner – Glitter, Glamour, Gold			<i>Ballroom</i>

FRIDAY, 11 AUGUST 2017

0830 – 1700	Registration Open				<i>Garden Terrace Gallery</i>	
0830 – 1700	Exhibition				<i>Garden Terrace Gallery and Garden Terrace</i>	
0900 – 1030	Plenary Session 3 <i>Chairs – Mark Longworth & Kaia Leo</i>				<i>Ballroom</i>	
0900 – 0935	The T3 Trial: Triage, Treatment and Transfer of patients with stroke in emergency departments Professor Sandy Middleton					
0935 – 1030	Cognitive strategy use difficulties experienced by people who have had a stroke Dr Chris Chapparo					
1030 – 1100	Morning Tea					
Concurrent Session 3						
1100 – 1230	Stream 1 CONTINENCE MANAGEMENT WORKSHOP Chairs: Donna Jay & Alexis McMahon <i>Waianbuh Room</i>	Stream 2 INTENSITY OF PRACTICE Chair: Melanie Godfrey <i>Verandah Room</i>	Stream 3 POST STROKE COMPLICATIONS Chair: Ian Meade <i>Hinterland Room</i>	Stream 4 ORAL POSTER SESSION Chairs: Alanah Bailey & Mark Longworth <i>Elston Room</i>		
1100 – 1115		Can patients tolerate very high dose training during upper limb subacute rehabilitation following stroke? Paul Bew	Acute single channel EEG predictors of cognitive function after stroke Anna Aminov	1100 – 1105 Why didn't all eligible stroke patients receive secondary stroke prevention at hospital discharge?: A GCUH case study Thienan Phamnguyen	1105 – 1110 54 South Neuroscience Unit - Detecting AF in the fight against stroke Jodie Rabaut	
1115 – 1130		A systematic review of providing extra rehabilitation on top of usual rehabilitation to improve activity after stroke Emma Schneider	Mood impairment and psychological assessment in stroke rehabilitation in Australia Tara Purvis	1110 – 1115 Structured Interdisciplinary Bedside Rounds (SIBR) Koushik Gowda	1115 – 1120 Implementing a standardised free water protocol in a rehabilitation unit: Experiences from a metropolitan hospital Maria Schwarz	
1130 – 1145	Continenence management after stroke: Enabling & implementing best practice care at a local level Sarah Kuhle	Out of bed for breakfast: Early morning physiotherapy to increase stroke survivor activity Jessica Dennis	The Identification of Altered Mood After Stroke (IAMAS) project: Improving mood screening rates in acute in-patients post stroke Di Marsden	1125 - 1130 Upper limb post stroke: Improving the interdisciplinary assessment and documentation process in a regional health service Rosemary Nicholson	1130 - 1135 The use of an advanced allied health assistant to improve outcomes for patient's with a stroke at Redcliffe hospital Wendy Brown	
1145 – 1200		Dose and content of upper limb training in an Australian rehabilitation unit: Better than previously reported yet poorer than recommended Ashlea Walker	A Systematic Literature Review of the Evidence for Occupational Therapist's use of CO-OP in Adult Stroke Rehabilitation Rosemary Krause	1135 - 1140 Cognitive impairment in stroke Sarah Reid		
1200 – 1215		Measuring community walking in stroke survivors, what do physiotherapists think? Neelam Nayak	How is sexuality after stroke experienced by stroke survivors and partners of stroke survivors? A systematic review and thematic synthesis of qualitative studies Sandra Lever			
1215 – 1230		Patient self-directed upper limb practice: Increasing the opportunity for recovery Stephanie Crabbe				

1230 – 1330	Lunch & Posters			Garden Terrace Gallery and Garden Terrace
Concurrent Session 4				
1330 – 1500	Stream 1 ASNEN WORKSHOP Chair: Kim Parrey <i>Waianbah Room</i>	Stream 2 COGNITIVE WORKSHOP Chairs: Kelly Andersen & Fiona Ryan <i>Verandah Room</i>	Stream 3 CARE PLANNING Chairs: Di Marsden & Louise Jordan <i>Hinterland Room</i>	Stream 4 REHABILITATION Chairs: Mark Longworth & Pamela D'Netto <i>Elston Room</i>
1330 – 1345	ACUTE STROKE NURSES EDUCATION NETWORK WORKSHOP Chair: Skye Coote	Improving cognitive strategy use: Prompts to assist better use of cognition during everyday activities Chris Chapparo	Staffing the mobile stroke unit: Nurse practitioners measure up to physician-led care Anne Alexandrov	The effect of movement controlled games-based stroke rehabilitation platform on activity levels during therapy Anna Tyson
1345 – 1400	Acute Stroke Imaging Interpretation: Interactive case studies Brett Jones and Andrew Wong		Patient centred goal setting in an early discharge and rehabilitation service leading to positive patient experience Hannah Yuharif Zuhir	Does use of a functional dynamic orthosis affect hemiplegic shoulder pain? Paul Bew
1400 – 1415	Career pathways for stroke nurses. A pathway to Nurse Practitioner and an Australian experience of NET SMART. Meaghan Osborne and Skye Coote		Exploring current inpatient practice in transitioning people after stroke from acute to palliative care and in advance care planning: the Plan Assess Understand Survival after Stroke (PAUSe after Stroke) Project Monique Hourm	Successful Implementation of Constraint Induced Movement Therapy (CIMT): An international study Lauren Christie
1415 – 1430			Advance care planning with stroke survivors during inpatient rehabilitation can improve documentation of future wishes Melanie Malpass	Evidence-based rehabilitation interventions for adults with stroke: A systematic review of clinical practice guidelines and appraisal of their quality Laura Jolliffe
1430 – 1445			A person centred approach to collaborative goal setting with stroke patients: a pilot program evaluation Rebecca Barnden	Combined interventions for improving sensory-motor function of the upper limb following stroke: A systematic review Urvashy Gopaul
1445 – 1500			Implementation of individualised discharge care plans for acute stroke patients Brett Jones	Can a combined subacute and community rehabilitation neurological circuit group improve patient transition and therapist collaboration between both services? Charlotte Scroggie
1500 – 1530	Afternoon Tea			Garden Terrace Gallery and Garden Terrace
1530 – 1630	Plenary Session 4 Chairs – <i>Melanie Godfrey & Alexis McMahon</i>			Ballroom
1530 – 1630	Predicting motor recovery and outcomes after stroke: Why and How Associate Professor Cathy Stinear			
1630 – 1645	Conference Closing			Ballroom
