

SMART STROKES 2021 Conference

12- 13 August 2021

Virtual

Thursday, 12 August 2021

| | | |
|------------|--|---|
| 1130-1230 | Workshop 1 "Integrating secondary stroke prevention into existing services: Face to face and telehealth options" Heidi Janssen, Rebekah Pickering | Workshop 2 "Managing stroke data at a local level: Using Health service information management systems to reduce data burden" Sarah Kuhle, Nicola Hall, Leanne Whiley, Linda Edwards |
| 1300- 1305 | Introduction & Welcome Kelly Andersen | |
| 1305-1335 | Keynote Plenary Presentaion "Collaboration: Evidence Translation as a Team Sport" Natasha Lannin | |
| 1335- 1445 | Abstract Session 1 Chair: Ingrid Rosbergen-Wildemors and Alexandra Warwick | |
| 1335-1345 | "Primary and secondary results of the COMPARE randomised controlled trial of constraint-induced and multimodality aphasia rehabilitation" Miranda Rose | |
| 1345-1355 | "Can the world's first living stroke guidelines survive? The feasibility, acceptability and use of the Australian Stroke Guidelines." Kelvin Hill | |
| 1355-1405 | "Priorities for implementing the Living Stroke Guidelines: Clinician and consumer perspectives" Kirstine Shrubsole | |

| | |
|--------------|--|
| 1405-1415 | "Development of a checklist to evaluate treatment fidelity in the delivery of SENSE therapy" Brittni Nielsen |
| 1415-1425 | "Uncharted territory: The feasibility of serial computerized cognitive assessment the first week post stroke." Alana Campbell |
| 1425-1435 | "Exploring Best Practice Aphasia Rehabilitation from the Consumer Perspective: A Modified Nominal Group Technique Study" Sarah J Wallace |
| 1435-1445 | "Using co-design to develop strategies to improve evidence-based rehabilitation and patient and carer experiences" Rachel Harling |
| 1445 - 1500 | Break |
| | Chair: Alexis McMahon and Elizabeth Lynch |
| 1500-1515 | "They haven't really focussed on it" - The experience of post-stroke fatigue during outpatient rehabilitation." Erin Bicknell |
| 1515-1530 | "Preliminary evaluation of the implementation of a Comprehensive, High-dose Aphasia Treatment in the Surgical, Treatment and Rehabilitation Service" Jade Dignam |
| 1530-1537 | "National Quality Improvement Initiatives - Partnering for Quality" Dr Lisa Murphy |
| 15:37- 15:40 | Close of Day 1 |

Friday, 13 August 2021

| | | |
|------------|--|--|
| 1130-1230 | <p style="text-align: center;">Workshop 3</p> <p style="text-align: center;">"Everyone has a role: top ten strategies for health professionals for improving communication access and success for people with communication impairment after stroke"</p> <p style="text-align: center;">Emma Power, Michelle Attard, Sarah D'Souza, Lucette Lanyon and Leanne Togher</p> | <p style="text-align: center;">Workshop 4:</p> <p style="text-align: center;">"Updates from the Community of Practice for Telehealth to increase opportunities for accessing stroke rehabilitation and support for recovery"</p> <p style="text-align: center;">Ingrid Rosbergen-Wildemors and Marie-Louise Bird</p> |
| | | |
| 1300- 1305 | <p style="text-align: center;">Introduction & Welcome</p> <p style="text-align: center;">Ian Meade and Miranda Rose</p> | |
| 1300- 1355 | <p style="text-align: center;">Award Session</p> <p style="text-align: center;">Chair: Ian Meade and Miranda Rose</p> | |
| 1305-1315 | <p style="text-align: center;">Best Research Abstract- Sponsored by SSA:</p> <p style="text-align: center;">"Stroke survivors' perspectives of factors influencing adherence to an intensive upper limb exercise program"</p> <p style="text-align: center;">Tamina Levy</p> | |
| 1315-1325 | <p style="text-align: center;">Best New Investigator- Sponsored by SSA:</p> <p style="text-align: center;">"A Multi-Disciplinary Service Model for Hypertonicity Management Post Brain Injury: Experience and Perceptions of Service-Users in Queensland."</p> <p style="text-align: center;">Catherine Cave</p> | |
| 1325-1335 | <p style="text-align: center;">Best Acute Nursing Abstract- Sponsored by ASNEN:</p> <p style="text-align: center;">"Impact of post thrombolysis monitoring in the stroke unit on hospital length of stay"</p> <p style="text-align: center;">Sheila Jala</p> | |
| 1335-1345 | <p style="text-align: center;">Best stroke care or research for or with people with aphasia- Sponsored by Aphasia Association:</p> <p style="text-align: center;">"Communication is everyone's business: collaborative working to develop effective MDT education in communication access for aphasia"</p> <p style="text-align: center;">Kirstine Shrubsole</p> | |
| 1345-1355 | <p style="text-align: center;">Encouragement Award for a New Presenter:</p> <p style="text-align: center;">"The influence of clinician practices, beliefs, and relationships on post-stroke rehabilitation referrals"</p> <p style="text-align: center;">Kerry Marnane</p> | |

| | |
|-------------|---|
| 1355-1445 | Abstract Session 2 Chair: Natasha Lannin and Sarah Wallace |
| 1355-1405 | "Evidence-practice gaps in lower urinary tract symptom assessment, diagnosis and management on wards admitting patients post-stroke." Di Marsden |
| 1405-1415 | "Oral care practices after stroke: A SURVEY from UK & Australia" Simeon Dale |
| 1415-1425 | "Providing additional intensive rehabilitation promotes functional improvement in post-stroke patients with low and moderate motor-function." Sarah K Ashcroft |
| 1425-1435 | "Organisational in-hospital factors that influence patient outcomes after acute stroke." Tara Purvis |
| 1435-1445 | "Developing My Aphasia Handbook to accompany My Stroke Journey : A collaboration between the Australian Aphasia Association and the Stroke Foundation". Deborah Hersh & Jude Czerenkowski |
| 1445 - 1500 | Break |
| | Chair: Skye Coote and Kim Parrey |
| 1500-1515 | "Large Scale European Translation of an Australian Nursing Stroke Trial: The QASC Europe Project" Sandy Middleton |
| 1515-15:45 | Keynote Plenary Presentation "Crayoning outside the lines: tele services for stroke management" Wendy Dusenbury |
| 1545- 16:00 | Close of conference (announce best e-poster) |
| 1600 -1700 | Nursing Symposium hosted by Acute Stroke Nurse Education Network (ASNEN) Chair: Simeon Dale |

ASNEN Update

Skye Coote & Liz O'Brien

Overview of upcoming ASNEN news and events, and updates on the many upcoming acute stroke nurse education and networking opportunities

Door in Door Out: What is your data telling you?

Tanya Frost

This presentation targets nurses working in primary stroke centres with no on-site mechanical thrombolytic service, outlining continuous quality improvement programs to improve DIDO times that allow for better outcomes for your patients.

Discharge Planning

Sarah Kuhle

Discharge planning at a systems level: stroke survivor management within the current health environment. This brief overview highlights common and emerging systems barriers to thorough considered discharge planning, and opens the conversation to nurses and researchers who may hold some solutions.
