

Thursday, 18 August 2022

08:00-17:00	Registration Open		
09:00 -10:30	Plenary Session 1 Chairs: Ian Meade & Elizabeth Lynch		
09:00 - 09:45	Keynote: Katharine McBride , PhD Candidate, UniSA & SAHMRI & Vicki Wade , Director, RHD Australia <i>Developing culturally responsive care through understanding of Aboriginal and Torres Strait Islander conceptualisation of health and wellness</i>		
09:45 - 10:30	Keynote: Anna Ranta , Stroke Neurologist, Wellington Hospital & Head of Department of Medicine, University of Otago, Wellington <i>Identifying and addressing health inequities: The REGIONS Care Project</i>		
10:30-16:30	Exhibition Open		
10:30-11:00	Morning Tea		
	Concurrent Session 1		
11:00-12:45	Abstract Session 1: Rehabilitation Chairs: Coralie English & Natalie Fini	Workshop 1	Workshop 2: ASNEN Chairs: Simeon Dale & Liz O'Brien
11:00-11:15	Stewart Blackwell <i>Post-stroke fatigue: How do we assist stroke survivors to manage fatigue in Australia?</i>	Luisa Hewitt, Colette Sancturary, Di Marsden <i>An opportunity to change practice in cognition screening for people after stroke - administering, scoring and interpreting the results of the newly developed Oxford Cognitive Screen - Australian Version (OCS-AU)</i>	Skye Coote, Liz O'Brien, Tanya Frost, Simeon Dale & Sarah Kuhle <i>Stroke Nurses – Clinicians, Educators, Researchers, Coordinators: So many roles – achieving best stroke patient outcomes!</i>
11:15-11:30	Katrina Kenah <i>"Wasting time": a qualitative study of stroke survivors' experiences of boredom during inpatient rehabilitation</i>		
11:30-11:45	Miranda Rose <i>Factors associated with treatment response in the COMPARE randomized controlled trial of intervention for chronic post-stroke aphasia</i>		
11:45-12:00	Jessica Nolan <i>Resolution of post-stroke lateropulsion and functional change after discharge from inpatient rehabilitation - a cohort study</i>		
12:00-12:15	Catherine Said <i>Interlimb differences in minimum foot clearance variability in stroke survivors</i>		
12:15-12:30	Lisa Anemaat <i>Experiences, priorities and unmet needs of 62 people living with aphasia and significant others across remote, regional and metropolitan Australia</i>		
12:30-13:30	Lunch Poster Presentation Tour Judges: Ian Meade, Anna Ranta, Katharine McBride		
	Concurrent Session 2		
13:30-14:45	Workshop 3	Workshop 4	Abstract Session 2 - Rehabilitation Chairs: Jess Nolan & Di Marsden
			Abstract Session 3 - Reducing Variation Chairs: Tara Purvis & Simeon Dale

13:30-13:45	<p>Lesley MacDonald - Wicks, Karly Zacharia, Emily Ramage, Coralie English</p> <p><i>Healthy conversation skills - Taster session</i></p>	<p>Tamina Levy, Lauren Christie, Natasha Lannin</p> <p><i>Promoting behaviour change for self management after stroke - implementing implementation science</i></p>	<p>Lauren Arthurson</p> <p><i>POst Stroke TELe-Rehabilitation: Early rehabilitation assessment and management</i></p>	<p>Fiona Ryan & Julia Chessman</p> <p><i>Realising improvements in stroke: Establishing a process to facilitate benchmarking and quality improvement in rural stroke care</i></p>
13:45-14:00			<p>Kate Scrivener</p> <p><i>Bobath training is inferior to task specific training and not superior to other interventions in improving lower limb activities after stroke: A systematic review with meta-analysis</i></p>	<p>Kelly Coughlan</p> <p><i>The role of stroke nurse country coordinators in the Quality in Acute Stroke Care (QASC) Europe evidence translation project: results from a process evaluation</i></p>
14:00-14:15			<p>Amelia Tan</p> <p><i>Applying a decision-making aid for upper limb neurorehabilitation in practice: Examining cross-cultural clinical utility using therapist perspectives</i></p>	<p>Kerry Boyle</p> <p><i>Do clinicians' perceptions of barriers to urinary continence care change after implementation of the theoretically informed "Structured urinary Continence Assessment and Management Plan (I-SCAMP)" intervention</i></p>
14:15-14:30			<p>Sarah Ashcroft</p> <p><i>The effect of aerobic exercise intensity and duration on Brain-Derived Neurotrophic Factor in stroke survivors: A systematic review and meta-analysis</i></p>	<p>Di Marsden</p> <p><i>Evidence-based implementation of our "Structured urinary Continence Assessment and Management Plan" practice change package to improve continence assessment, diagnosis and management on wards admitting patients post-stroke</i></p>
14:30-14:45			<p>Colette Sanctuary & Luisa Hewitt</p> <p><i>The Oxford Cognitive Screen - Australian Version (OCS-AU): development and determining Australian cut points for scoring impairment</i></p>	<p>Rhian Paton-Kelly</p> <p><i>Stroke Foundation National Webinar Series</i></p>
14:45-15:15	Afternoon Tea			
Concurrent Session 3				
15:15-16:30	Workshop 5	Workshop 6	Abstract Session 4 - Stakeholder engagement and collaborating with people with lived experience Chairs: Kelly Andersen & to be advised	Abstract Session 5 - Life after stroke Chairs: Katharine McBride & Ian Meade
15:15-15:30	<p>Dana Wong & Dr Jessica Trevena-Peters</p> <p><i>How multidisciplinary team members can work with someone with cognitive and mood changes</i></p>	<p>Katharine McBride and Vicki Wade</p> <p>Clinical and cultural considerations of stroke care for Aboriginal and Torres Strait Islander clients.</p>	<p>Adrian O'Malley</p> <p><i>Stroke Foundation's Young Stroke Project: codesigning change</i></p>	<p>Karl Espernberger</p> <p><i>Stroke survivors' identity significantly influences post-stroke physical activity levels</i></p>
15:30-15:45			<p>Chelsea Larkman</p> <p><i>Co-designing a framework for the adaptation of aphasia therapy for diverse cultural and linguistic backgrounds</i></p>	<p>Patty Govender</p> <p><i>Perceived impacts of the Action Success Knowledge intervention on the psychosocial wellbeing of people with mild aphasia: A nested qualitative study</i></p>
15:45-16:00			<p>Natalie Fini</p> <p><i>Co-design of a Personalised Physical Activity Intervention for People After Stroke - Insights into Stakeholder Engagement</i></p>	<p>John Pierce</p> <p><i>"The Big Black Hole" - Experiences of Communication Disability after Stroke from Patient, Caregiver and Clinician</i></p>
16:00-16:15			<p>Dina Pogrebnoy</p> <p><i>i-Rebound Online. Co-Design of a website prototype to eat well and move more after stroke</i></p>	<p>Kathryn Pettigrove</p> <p><i>Facilitating community aphasia groups - a scoping review and next steps</i></p>
16:15-16:30			<p>Coralie English</p> <p><i>The John Hunter Hospital stroke unit: Recruitment of patients to the AVERT DOSE international trial during the COVID-19 pandemic</i></p>	<p>Louise Gustafsson</p> <p><i>The challenges of travelling after stroke have dramatically reduced my quality of life - a survey of a neglected traveller population</i></p>
16:30-18:30	Networking Reception			

Friday, 19 August 2022

08:15-16:00	Registration Open			
08:15-16:00	Exhibition Open			
09:00 -10:30	Plenary Session 2 Chairs: Kelly Andersen & Caleb Ferguson			
09:00-09:45	Keynote: Sandy Middleton , Director, Nursing Research Institute, St Vincent's Health Network Sydney, St Vincent's Hospital Melbourne and Australian Catholic University <i>Large scale translation of stroke nursing evidence to every day clinical practice</i>			
09:45-10:15	Panel Discussion Coralie English, Elizabeth Lynch, Kelvin Hill <i>Living Stroke Guidelines 2022: updates and implementation considerations</i>			
10:15-10:45	Morning Tea			
	Concurrent Session 4			
10:45-12:15	Workshop 7	Abstract Session 6: Technology and innovation for improving service delivery Chairs: Dawn Simpson & To be advised	Abstract Session 7: Rehabilitation Chairs: Suzanne Kuys & Caroline Baker	Abstract Session 8: Community Care Chairs: Jess Nolan & Di Marsden
10:45-11:00	Liz Lynch, Dana Wong, Adrian O'Malley, Brenda Booth <i>Making research matter: Working with people with lived experience of stroke on research projects</i>	Genevieve Vuong <i>The systematic translation of a Comprehensive High-dose Aphasia Therapy (CHAT) to delivery via telerehabilitation</i>	Natalie Ciccone <i>Healing Right Way RCT: Novel interventions to enhance the cultural security of rehabilitation services for Aboriginal Australians with brain injury</i>	Heidi Janssen <i>Master Stroke: Evaluation of a health service delivered group program combing self-management and secondary prevention for people living with stroke</i>
11:00-11:15		Kate Scrivener <i>Examining user perspective of an online learning resource for stroke rehabilitation therapists: a mixed methods study of the TRAIN program</i>	Avanthi Elisha Ball <i>The feasibility of a short duration, intensive, multidisciplinary and self-managed approach to improve mobility for community stroke survivors</i>	Maria Summut <i>Physical activity changes made by TIA/mild stroke patients during participation in a prevention program can be maintained 3 months after program end</i>
11:15-11:30		Lauren Arthurson <i>BUILDS (Bridging the Urban and regional Divide in Stroke care): a pilot Telestroke Unit service</i>	Jade Dignam <i>What are the therapy goals of people with aphasia?</i>	Jude Czerenkowski <i>Our Stroke Journey: stroke and recovery information for Aboriginal and Torres Strait Islander people</i>
11:30-11:45		Tara Purvis <i>The coordinator role in acute stroke care: through an international lens</i>	Laura Joliffe <i>Patient preferences for stroke rehabilitation: a systematic review of discrete choice experiments (DCE's)</i>	Louise Gustafsson <i>The Right Information at the Right Time - co-development of approaches to self-management support across the continuum of care</i>
11:45-12:00		Heidi Janssen <i>Female Carers Co-produce Support 4 Heart and Emotional health to Address Risk factors (FoCCuS4HEART): exploring the relationship between mental health, management of</i>	Emily Dalton <i>What is the prevalence and distribution of upper limb weakness early post-stroke?</i>	Natasha Lannin <i>Collaborative nature of participant-interventionist relationships in an in-home falls prevention program for stroke survivors</i>
12:00-12:15			Discussion	
12:15-13:15	Lunch			
13:15-14:30	Plenary Session 3: Awards Session Chairs: Dominique Cadilhac & Jess Nolan			

13:15-13:30	Best Abstract: Kirstine Shrubsole <i>How much does best practice stick after four years? Follow-up of an implementation trial in acute aphasia management</i>
13:30-13:45	Best Nursing Abstract: Sarah Kuhle <i>Reduced frequency and duration of post thrombolysis monitoring: a single site pilot trial</i>
13:45-14:00	Best Aphasia Abstract: Sam Harvey <i>Dose-response relationships in post-stroke aphasia: preliminary evidence from a pilot study</i>
14:00-14:15	Encouragement Award: Saran Chamberlain <i>The right information at the right time? Young stroke survivors' recovery experiences</i>
14:15-14:30	Best New Investigator: Helen Wallace <i>Driving and aphasia following stroke: A scoping review</i>
14:30-15:00	Afternoon Tea
15:00-15:45	Plenary Session 4: Chairs: Alexis McMahon & Dominique Cadilhac
	Keynote: Kate Hayward , Senior Research Fellow in Stroke Recovery, University of Melbourne <i>Upper limb motor intervention after stroke – Oh the places we'll go in the search for recovery</i>
15:45-16:00	Conference Closing Alexis McMahon & Dominique Cadilhac
